Section 1: Five-year service quality improvement plan § 54.209 (a)(1)

IT&E's service quality improvement plan has been to continue to upgrade its telecommunications facilities and equipment as necessary to meet evolving service requirements and maintain high quality service throughout its service area. As a wireless service provider, IT&E upgraded and replaced facilities and equipment as necessary. IT&E's service quality improvement plan is attached hereto as "Confidential Exhibit A."

In addition, the Federal Universal Service Support IT&E received is attached hereto as "Exhibit B" and IT&E's expenditures related to the provision, maintenance, and upgrading of its facilities and services is attached as "Exhibit C."
